Central Point, OR 97502

Re: City of Central Point, Oregon Franchise with Falcon Cable Systems Company II, L.P., I/k/a Charter Communications ("Charter")

Dear Mr. Clayton:

Charter has appreciated the opportunity to provide cable television service to the residents of Central Point, Oregon over the years. As you may know, the current franchise term runs through June 30, 2015 and automatically renews for successive one year terms unless either party provides the other with notice at least three months prior to the end of the term of their intention not to automatically renew and, instead seek renewal of a new franchise agreement. As neither Charter nor the City has sent such notice, the franchise has automatically renewed for a year and now runs through June 30, 2016. Charter sent its initial notice of renewal required under Section 626 of the Cable Act in a letter dated July 14, 2011 and shall not be required to send another request as a result of this extension.

Charter looks forward to continuing to provide quality service to the residents of Central Point. Please let me know if you have any questions. My phone number is 360-258-5128.

Sincerely,

A handwritten signature in black ink, appearing to read 'S. Gerber'.

Steven Gerber
Senior Manager, Government Affairs
